## EDUCATION

---

2013	<b>FRCPC (INTERNAL MEDICINE)</b>
2012-2013	<b>GENERAL INTERNAL MEDICINE FELLOWSHIP – UNIVERSITY OF BRITISH COLUMBIA</b>
2009-2012	<b>CORE INTERNAL MEDICINE RESIDENCY – UNIVERSITY OF ALBERTA</b>
2005-2009	<b>DOCTOR OF MEDICINE – UNIVERSITY OF TORONTO</b>
2002-2005	<b>BSc, HONOURS (HUMAN BIOLOGY AND PSYCHOLOGY) – UNIVERSITY OF TORONTO</b>
1989-1994	<b>BBA, HONOURS, MAGNA CUM LAUDE (FINANCE AND ECONOMICS) – ST. FRANCIS XAVIER UNIVERSITY</b>

## WORK HISTORY

---

Oct 2019-Present	<b>Saskatchewan Health Authority</b> , Active Medical Staff.
Oct 2017-Present	<b>Inaugural Cameco Chair in Indigenous Health and Wellness</b> , <i>University of Saskatchewan</i> . Leadership in Indigenous health in Saskatchewan with respect to Indigenous health and wellness, including Indigenous curriculum development and implementation throughout the Health Sciences; setting and providing leadership in Indigenous health research throughout Saskatchewan and nationally; and clinical services in HIV and/or HCV.
Oct 2017- Dec 2025	<b>Adjunct Professor</b> , <i>Simon Fraser University</i> . Mentoring Faculty of Health Sciences in the implementation of a fulsome response to the Truth and Reconciliation Commission's Calls to Action; co-development and co-teaching of the primary and required component of the MPH response to the TRC; supervising MPH students.
Apr 2017- Sep 2019	<b>Internist / Hep C Specialist</b> , <i>Haida Gwaii</i> . Co-develop and co-manage shared hepatitis C care and treatment model in Haida Gwaii and surrounding communities.
Jan 2015-Sep 2017	<b>Lecturer</b> , <i>Simon Fraser University</i> . Co-develop and co-teach three courses at the senior undergraduate and graduate level in: Indigenous health, with focus on Indigenous peoples in Canada, Global Indigenous health, and Reconciliation in the context of Public Health.
Sep 2013-Oct 2017	<b>Internist / Hep C Specialist</b> , <i>Cariboo Memorial Hospital</i> . Co-develop and co-manage shared hepatitis C care and treatment model in Williams Lake and surrounding communities (central interior BC community with catchment > 70K). Monthly visits. Predominately outpatient with some inpatient consultations.
May 2016-Oct 2017	<b>Physician / Researcher</b> , <i>Lu'ma Medical Centre</i> . Internist with a focus in HIV and hepatitis C. Specializes in offering state-of-the-art antiviral medications and comprehensive trauma-informed, culturally safe care during and after treatment.
Sep 2013-Oct 2017	<b>Internist</b> , <i>UBC Hospital</i> . Attending Specialist and Medical On-Call Availability Program (MOCAP). 6-10 weeks per year. Predominantly inpatient.
Jun 2016-Oct 2017	<b>Internist</b> , <i>Greenleaf Medical Clinic</i> . Internist with a focus on medicinal cannabis.
Jan 2015-Dec 2015	<b>Senior Physician &amp; Researcher</b> , <i>VIDC</i> . Internist with a focus in HIV and hepatitis C. Specializes in offering state-of-the-art antiviral medications, often available only within research protocols, and comprehensive trauma-informed, culturally safe care during and after treatment.
Jun 2013–Mar 2014	<b>Reviewer / Adjudicator</b> , <i>Pradaxa Steering Committee</i> . As part of an audit of the RE-LY RCT (non-inferiority trial comparing Dabigatran versus Warfarin in the context of atrial fibrillation with elevated stroke risk), independently reviewed/adjudicated outcomes.
2004–2005	<b>Research Assistant</b> , <i>Mount Sinai Hospital</i> . Assisted in a T2DM prevention clinical trial using combination therapy (low-dose rosiglitazone plus metformin). My focus was Indigenous liaison and recruitment, in addition to researching Indigenous perspectives on diabetes and Western health research.
1998–2002	<b>Senior Manager</b> , <i>Leitch Technologies International</i> . <b>Technical Architect / Executive Manager</b> – Enterprise Resource Planning System. Served as Technical Architect and Instance Manager during ERP Oracle implementation. Later in the project and onward, assumed management of Oracle Applications and Database Administration teams.

- Architected and implemented a highly available solution with database fail-over application, load-balancing and LANless/serverless backup with integrated hot backup solution
- Oversaw production and development instances, including operations, troubleshooting, business issues resolution, configuration and performance tuning
- Managed Oracle applications as well as database and Unix administration

**Development Manager – Web and Unix**

Functioned in a dual role, leading a team of 15 Unix system administrators and web development professionals. Defined strategy and managed projects, operations and resources.

- Architected highly-available software and systems
- Managed web-related development and operations with particular focus on information management, process mappings and harmonization/integration
- Managed design and administration of Unix services in a multiple location environment
- Guided security implementation and disaster recovery planning, led cross-departmental project teams

1996–1998

**Webmaster / Principal Web Developer, North American Media Engines:**

- Led web development for a leading edge, project-oriented web development company
- Managed web servers hosting multiple customer sites, including secure/commercial servers
- Architected website layout and led database development and coding teams
- Defined technical specifications and re-engineered existing sites to improve performance, security and usability

1994–1996

**Co-founder / Co-owner, Evolving Informatics.** Developed corporate web strategies and delivered in-depth training. Managed web sites, including design and content creation.

---

**RESEARCH****CURRENT FUNDING:**

2021-2025 (Under Review)	<b>Co-A – CIHR Project Grant:</b> April 2021, 4 years, \$1,630,000 <i>Indigenous community research partnerships: A community-centred approach to develop and conduct the evaluation of an open access training resource for researchers who work with Indigenous people.</i>
2021-2025 (Under Review)	<b>Co-A – CIHR Project Grant:</b> April 2021, 4 years, \$1,000,000 <i>An Exploration of incarcerated First Nation, Inuit and Métis women and gender diverse people's knowledge, perspectives, and attitudes towards Sexually Transmitted Blood Borne Infections: What policy and programming recommendations can effect change</i>
2021-2025 (Under Review)	<b>NPA-CIHR Project Grant -</b> April 2021, 4 years, \$1,535,000 <i>Stamsh Slhanay Lhawat II (Warrior Women II): Continuing the Wellness Journey for Urban Indigenous Women and their Families</i>
2021-2025 (Under Review)	<b>NPA-CIHR Project Grant -</b> April 2021, 4 years, \$1,870,000 <i>Indigenous Food Sovereignty in Northern Saskatchewan</i>
2020-2021	<b>PI - CIHR Project Grant:</b> Sep 2020, 1 years, \$100,000 (Bridge funding secured). <i>Connecting Communities through Cultural Continuity Approaches: Development of wise practice prevention and care frameworks for wellness in two northern Saskatchewan Indigenous communities</i>
2020-2021	<b>PI - CIHR Project Grant:</b> Sep 2020, 1 years, \$100,000 (Bridge funding secured). <i>Reconnecting and Awakening Indigenous Wellness Knowledge: Knowledge Development and Exploration with Grandmother's Bay</i>
2020-2021	<b>Co-I – CIHR Indigenous Gender and Wellness Development Grant:</b> May 2020, 1 year, \$74,930. <i>Learning from Our Elders: Indigenous Perspectives of Gender in Harvesting and Gathering</i>

2019-2024	<b>Co-PI</b> - CIHR Project Grant: Mar 2020, 5 years, \$1.23M. <i>Sanctum 1.5s hope through strength: A novel, women directed and community-based approach to wholistic care for mother infants pairs experiencing a substance use disorder and /or HIV</i>
Dec-2019	<b>Co-I</b> -CIHR: Training Grant: SPOR National Training Entity – LOI: Dec 2019, 4 months, \$7419. Innovative National Strategies for Patient-oriented Research Education (INSPIRE)
2019-2024	<b>Co-I</b> - CIHR Team Grant: Sept 2019, 5 years, \$1.5M. <i>Implementing the “Patients Charter of Tuberculosis Care” In High Incidence Indigenous communities and Across Jurisdictional Borders</i>
Sep 2019-Sep 2023	<b>Co-I</b> - CIHR Project Grant: Sept 2019, 4 years, \$830K. <i>Integrating community-based recruitment with data linkage to inform and enhance scale-up of hepatitis C treatment among people who inject drugs: A pan-Canadian 'virtual' cohort study</i>
May 2019-Apr 2024	<b>nPI</b> - CIHR centers for HIV/AIDS, Hepatitis C and STBBIs research- Indigenous populations + in-kind contributions: May 2019-April 2024, 5 years, \$3.8M. <i>Wuniska! Indigenous centre on HIV/HCV/STBBI inequities</i>
Apr 2019-Mar 2024	<b>Co-PI</b> - CIHR Team Grant: HIV/AIDS Biomedical and Clinical Research: Apr 2019, 5 years, \$6M, nPI Sean B. Rourke. <i>Testing, Reaching the Undiagnosed and Linkages to Care: “REACHing” for Impact</i>
Mar 2019-Feb 2020	<b>Co-I</b> - SHRF - Collaborative Innovation Development Grant: Mar 2019, 1 year, \$50K, nPI Angela Bowen. <i>Bridging the generations: Cultural mentorship to promote aging Indigenous women's health</i>
Feb 2019-Jan 2020	<b>Co-I</b> - SHRF 2018-2019 Sprout Grant and SCPOR: Feb 2019, 1 year, \$122K, nPI Anthony de Padua. <i>Exploring the experiences of spirituality and healing for Indigenous people living with HIV and the co-creation of a circle for healing</i>
Jan 2019-Dec 2023	<b>Co-PI</b> - CIHR Project Grant: Jan 2019, 4 years, \$2.25M, nPI Malcolm King. <i>Indigenous knowledge development centres with a focus on wellness – miyo-pimâtisiwin</i> Promoting the health and wellness of Indigenous ways of knowing and doing things.
Jan 2019-Dec 2019	<b>Co-I</b> - CIHR Food Security and Climate Change in the Canadian North: Jan 2019, 1 year, \$14.6K, nPI Kyle Bobiwash. <i>Revitalizing Indigenous Food Traditions and Knowledge (RIFTk): Examining traditional food practices and social emotional wellbeing</i>
Oct 2018-Sep 2023	<b>Co-I</b> - CIHR Project Grant: Oct 2018, 5 years, \$2.2M, nPI Charlotte J Loppie. <i>Kotawe (start a fire): Igniting cultural responsiveness through community-determined intervention research.</i> Colonization and colonial oppression have negatively impacted Indigenous women’s personhood, families, political and spiritual life, work and social activities. This study has the potential to address both the origin and impact of these inequities
Oct 2018-Sep 2022	<b>nPI</b> - CIHR Project Grant: Oct 2018, 4 years, \$1.3M. <i>Peers4Wellness: Indigenous approaches to wellness support and research for Indigenous women with HIV and HCV in British Columbia and Saskatchewan</i> The application of peer navigation as a promising approach to improve health care engagement and as a springboard for the development of a culturally responsive framework for HIV/HCV wellness and health care support specifically for Indigenous women.
Oct 2018-Sep 2019	<b>Co-I</b> – CIHR Project Grant: Oct 2018, 1 year, \$100K, nPI Renee Masching. <i>Mobilizing Indigenous community-led HIV and AIDS research to increase impact and advance new knowledge</i>

Identify and develop effective Indigenous strategies to disseminate and mobilize research findings that are meaningful to Indigenous communities, inform policy and programmatic action to ultimately support healing and reconciliation.

- Oct 2018-Sep 2019     **nPI** - CIHR Project Grant: Oct 2018, 1 year, \$100K.  
*Decolonizing health and wellness interventions by creating, implementing and evaluating culturally responsive program components with Indigenous women living with HIV and aging with wisdom*  
 Restoring the role of Indigenous women as leaders while addressing the process of aging while having HIV, this 3-phase study will build community partnerships and implement team structure and processes; support Indigenous women-led creation of specific project cultural intervention components; and pilot a wholistic health and culture-based 16-week intervention.
- Apr 2018-Mar 2022     **Co-I** - CIHR Project Grant: Apr 2018, 4 years, \$849K, nPI Donna Kurtz.  
*Building Indigenous pathways for diabetes and obesity prevention and management with urban and rural communities in BC*  
 The common goal for this study is to work with six interested BC interior urban/rural Friendship and Métis centres to blend traditional and western knowledge for optimized health and health equity in holistic patient-centred diabetes and obesity care.
- Apr 2018-Mar 2021     **nPI** - CIHR Project Grant: Apr 2018, 3 years, \$1.0M.  
*CheckUp! Time to focus on and learning from Inuit*  
 Scale-up and adaptation of a social marketing campaign focus on STBBI prevention amongst Inuit youth, which will expand scope to include healthy sexuality and mental health and wellness, and will expand geographically to include Inuvialuit.
- Nov 2017-Oct 2022     **Co-PI** - CIHR Team Grant: HIV Implementation Science Component 2: Nov 2017, 5 years, \$2M, nPI Catherine Worthington.  
*DRUM 2: First Nation and Métis communities working in partnership to develop integrated shared care models for HIV and other STBBI*  
 Scale-up and adaptation of a development and implementation process with First Nations and Métis communities for creating HIV/HCV/STBBI shared care models and to develop tools for them and others to use in the process.
- Jul 2017-Jul 2022     **Co-I** - CIHR Collaborative Centres of HIV/AIDS Community-Based Research – Aboriginal stream: Jul 2017, 5 years, \$1.5M, nPI Renee Masching.  
*Aboriginal HIV and AIDS community-based research collaborative centre 2.0*  
 Network of individuals, communities and institutions working together for excellence in community-based research, culturally-responsive approaches, and action-oriented solutions to HIV/AIDS affecting First Nations, Inuit and Métis peoples in Canada.
- Apr 2017-Mar 2020     **Co-I** - CIHR Training grant: Indigenous Mentorship Network Program - British Columbia: Apr 2017, 5 years, \$1M, nPI Charlotte Loppie.  
*Indigenous mentorship network of the Pacific northwest*  
 The goal of the proposed Indigenous mentorship network of the Pacific northwest is to create and maintain an "action-learning circle" of traditional and innovative supports for Indigenous mentees, thus increasing the number, competitiveness and success of future First Nations, Inuit and Métis health researchers who can work collaboratively with and for Indigenous communities, collectives and nations.
- Apr 2017-Mar 2020     **nPI** - CIHR Operating Grant – HIV/AIDS CBR Program - Indigenous: Apr 2017, 3 years, \$445.9K.  
*Connections with the land: Developing gender appropriate Two-eyed Seeing land-based wellness interventions, wise practices, research methodologies, and knowledge translation and exchange for Indigenous people with lived HIV and/or HCV experience*  
 Intervention development, contextualization, assessment and knowledge utilization of Indigenous-defined, gender-appropriate land-based healing approaches for Indigenous people with lived HIV and/or HCV experience.

Jan 2017-Mar 2020	<p><b>Co-I (Saskatchewan Lead)</b> – CIHR Operating Grant – HIV/AIDS CBR Program – General: Jan 2017, 3 years, \$450K, nPI Catherine Worthington.  <i>The Canadian HIV stigma index CBR project</i>            Co-lead for Saskatchewan provincial component of national project. Specific SK enhancements include intersectional stigma assessment with a particular focus on stigma related to HCV, drug use and Indigenous identity.</p>
Jul 2016-Present	<p><b>Co-PI</b> - Self-funded, in collaboration with Professor Malcolm King.  <i>Indigenous wellness assessment framework</i>            Collaborative project to develop an Indigenous wellness assessment framework, including both Indigenous research methodologies and quantitative measurements.</p>
Apr 2015-Mar 2020	<p><b>Co-I</b> - CIHR Team Grant: National Hepatitis C Collaborative Network: Apr 2015, 5 years, \$4.5M, nPI Naglaa Shoukry.  <i>The national CIHR hepatitis C network (NCHCN)</i>            I serve on the Clinical / KTE / Epidemiology cores of network.</p>
<b>PREVIOUS FUNDING:</b>	
Jan 2019-Dec 2019	<p><b>Co-I</b> - SSHRC Special Call: Indigenous Research Capacity and Reconciliation – Connection Grant 2018 Award: Jan 2019, 1 year, \$50K, nPI Lucie Lévesque.  <i>Indigenous Science; gathering a community practice.</i></p>
Dec 2018-Nov 2019	<p><b>Co-I</b> - CIHR Planning and Dissemination Grant – Institute Community Support: Dec 2018, 1 year, \$20K, nPI Andrew J Matejcic.  <i>At the heart of the epidemic: The 28<sup>th</sup> annual Canadian conference on HIV/AIDS research(CAHR 2019)</i>            The 28th annual CAHR Conference represents the largest gathering of HIV researchers and community members in Canada.</p>
Dec 2018-Nov 2019	<p><b>Co-I</b> - CIHR Planning and Dissemination Grant– Institute Community Support: Dec 2018, 1 year, \$10K, nPI Selena M Sagan.  <i>8th Canadian symposium on hepatitis C virus</i>            The theme of this year's symposium will be "Improving Diagnosis: identifying the undiagnosed population" and will focus on strategies to identify the undiagnosed population of HCV infected individuals in Canada and link them to care.</p>
Apr 2018-Mar 2019	<p><b>nPI</b> - CIHR- Best Brains Exchange Travel Award: Apr 2018, 1 year, \$2.2K.  <i>Current Best Practices in chronic disease prevention, self-management and care: How does this translate into a community based model?</i></p>
Jan 2018-Dec 2018	<p><b>Co-I</b> - CIHR Catalyst Grant: Indigenous Approaches to Wellness Research - Wellness in Aging: Jan 2018, 1year, \$150K, nPI Jeannette Watts.  <i>Developing a research agenda to realize the vision of an effective, culturally relevant and wellness focused nursing service developed in the Nuu-chah-nulth way.</i>            Elders' and knowledge holder contributions to the community based action research process is expected to shape and inform a vision that supports an Indigenous nursing framework aimed at decreasing the structural and historical barriers to effective primary health care services to the aging population.</p>
Oct 2018-Sep 2019	<p><b>Co-PI</b> - CIHR Operation Grant: Network Environments for Indigenous Health Research: Oct 2018, 1 year, \$75K, nPI Malcolm King.  <i>Indigenous Wellness Environment NEIHR Network: NEIHR network with a focus on Indigenous wellness</i>            The focus of this network is on wellness - promoting, maintaining and re-gaining wellness, by itself, or in the context of a variety of conditions or life circumstances that First Nations, Inuit and Métis peoples may find themselves</p>
Jan 2018-Dec 2018	

	<p><b>Co-PI</b> - CIHR- Catalyst Grant: Indigenous Approaches to Wellness Research: Jan 2018, 1 year, \$100K. nPI Cindy Peltier. <i>Wiidooktaadyang [we are helping each other]: Understanding the experiences of wellness and helping in Nipissing First Nation</i> Research team explored how on- and off- reserve members, frontline service providers, and staff of the Nipissing First Nation understand and experience wellness.</p>
Nov 2017-Oct 2018	<p><b>Co-I</b> - CIHR Planning and Dissemination Grant– Institute Community Support: Nov 2017, 1 year, \$8.7K, nPI Sonya Parkland. <i>7th Canadian symposium on hepatitis C virus</i> This will be the 7th meeting of the Canadian symposium on hepatitis C virus, which follows six other successful meetings. I, like the other co-investigators, are on the symposium organizing committee.</p>
May 2017-Apr 2018	<p><b>Co-I</b> - CIHR Planning and Dissemination Grant– Institute Community Support: May 2017, 1year, \$20K, nPI Timothy Rogers. <i>CATIE Forum - Transforming our practice: New knowledge, new strategies</i> Co-investigator on grant. Member of the organizing committee of the Indigenous sessions generally, as well as, the primary driver of the Indigenous approaches to harm reduction. Chaired the latter and this will be the 7th meeting of the Canadian symposium on hepatitis C virus, which follows six other successful meetings. I, like the other co-investigators, am on the symposium organizing committee.</p>
Mar 2017-Feb 2019	<p><b>nPI</b> - CIHR Catalyst Grant: Indigenous Approaches to Wellness Research: Mar 2017, 1year, \$147.4K. <i>Culturally grounded wellness approaches for Indigenous women residing on the downtown Eastside of Vancouver: exploring land based healing approaches for chronic and infectious disease prevention/intervention for women in urban settings</i> Collaborative CBR project creating and studying wellness, by and for Indigenous women</p>
Mar 2017-Feb 2019	<p><b>nPI</b> - CIHR Catalyst Grant: Indigenous Approaches to Wellness Research: Mar 2017, 1 year, \$149K. <i>A Two-eyed Seeing approach to wholistic healing and wellness for people with drug-use experience.</i> Collaborative CBR project creating and studying wellness, by and for people who use drugs.</p>
Nov 2016-Oct 2017	<p><b>Co-PI</b> - CIHR Planning and Dissemination Grant – Institute Community Support: Nov 2016, 1year, \$6.9K, nPI Lorne Tyrrell <i>6<sup>th</sup> Canadian symposium on hepatitis C virus</i></p>
Oct 2016-Sep 2018	<p><b>nPI</b> – CIHR Catalyst Grant: HIV/AIDS Community Based Research Program – Indigenous Stream: Oct 2016, 1year, \$33K. <i>Connections with the land: research on cultural wellness retreats for Indigenous people with lived HIV, hepatitis C (HCV) and HIV/HCV co-infection experience</i> Developing and trialing strategies for land-based healing for Indigenous people with lived HIV and/or HCV experience.</p>
Oct 2016-Sep 2017	<p><b>nPI</b> - CIHR Travel Awards – Institute Community Support: Oct 2016, 1 year, \$2.8K <i>Water journey: Indigenous people in Canada and hepatitis C</i></p>
Jul 2016-Apr 2019	<p><b>Co-nPI</b> - Gilead Medical Sciences: Jul 2016, 2 years, \$96K/year, other co-nPI Curtis Cooper <i>Peers4Wellness: Wise practices in peer navigation and support</i> Peer-led CBR research involving two sites, with me leading the Indigenous aspects of the project, in addition to being the BC site lead.</p>
Mar 2016-Aug 2017	<p><b>Co-PI</b> - CIHR HIV Implementation Science Component 1 – Indigenous Populations: Mar 2016, 18 months, \$150K, nPI Catherine Worthington. <i>Development of a rural model for integrated shared care in First Nation and Métis communities (DRUM-ISCFNMC)</i> Developed/refined integrated, shared-care model for HIV in Alberta First Nation and Métis Communities.</p>
Mar 2016-Feb 2018	<p><b>nPI</b> - CIHR Catalyst grant - HIV/AIDS Community Based Research Program – Indigenous Stream:</p>

	<p>Mar 2016, 1 year, \$33K.  <i>Moving forward with an Aboriginal HIV and aging research plan: Developing an Indigenous response and framework for living well with HIV/AIDS.</i>                      Working with Indigenous communities in three sites to develop approaches to Indigenous people aging well with HIV/ADS.</p>
Mar 2016-Feb 2017	<p><b>Co-I</b> - CIHR Training Grant – Indigenous Mentorship Network Program: Mar 2016, 1 year, \$25K, nPI Carrie A Bourassa  <i>Western Indigenous health research mentorship network</i>                      The goal is to provide a wide range of innovative and culturally-informed supports to Indigenous undergraduate, master's, doctoral and postdoctoral trainees, as well as new investigators, (collectively referred to as mentees), thus increasing the number and competitiveness of future First Nations, Inuit and Métis researchers.</p>
Oct 2015-Feb 2018	<p><b>Collaborator</b> - CIHR Catalyst grant - HIV/AIDS Community Based Research Program - Aboriginal Stream: Oct 2015, 1 year, \$33K, nPI Jessica Demeria.  <i>Odaake: Developing a cultural intervention for Indigenous youth with a CBR team</i>                      Developing a culturally-informed wellness intervention with Indigenous youth with a particular focus in reducing their involvement with the criminal justice system. HIV &amp; AIDS Legal Clinic Ontario and Prisoners' HIV/AIDS Support Action Network are key partners with the Ontario HIV Treatment Network.</p>
Oct 2015-Apr 2017	<p><b>Co-PI</b> - CIHR Catalyst grant: HIV/AIDS Community Based Research Program – Indigenous Stream: Oct 2015, 1 year, \$32.7K, nPI Renée Masching.  <i>Sowing seeds: Building a foundation for international research excellence to reduce HIV disparities among Indigenous populations</i>                      Worked with Canadian and Latin-American Indigenous health workers on ethical foundations for HIV research by and with Indigenous people and their communities.</p>
Jul 2015-Mar 2017	<p><b>Co-PI</b> - CIHR Planning and Dissemination Grant– Institute Community Support: Jul 2015, 1year, \$11.2K, nPI Randy Jackson.  <i>Developing an Aboriginal HIV and aging research plan</i>                      Developed and conducted focus groups with Indigenous people aging with HIV, as well as with their healthcare providers, to develop research planning.</p>
Apr 2015-Dec 2017	<p><b>Collaborator</b> - CIHR Catalyst Grant: HIV/AIDS Community Based Research Program – Indigenous Stream: Apr 2015, 1year, \$33K, nPI Margaret Robinson.  <i>Wise funding practice: Exploring Indigenous funding criteria with a CBR team</i>                      Examination of funding practices for Indigenous research with a view to increasing fairness and relevance, and to ensure that publicly funded Indigenous health research is done in a good way.</p>
Jul 2015-June 2016	<p><b>nPI</b> - CIHR Planning and Dissemination Grant– Institute Community Support: Jul 2015, 1 year, \$12K.  <i>Community-directed research priorities by those with Indigenous lived hepatitis C experience</i>                      Developed and conducted sharing circles for Indigenous people with HCV lived experience to guide future research.</p>
Apr 2015-Jun 2017	<p><b>Co-I</b> - CIHR Planning and Dissemination Grant– Institute Community Support: Apr 2015, 1year, \$12K, nPI Brenda Elias.  <i>Taking action: Canadian Indigenous research network against cancer</i>                      Developed and held a workshop on Indigenous views and approaches to cancer journeys.</p>
Feb 2015-Jul 2016	<p><b>Co- PI</b> - CIHR- Operating Grant: Pathways Implementation Research Team- Component 1 and RBC foundation, Feb 2015, 18 months, \$149.9K, nPI George Hadjipavlou.  <i>Partnering with Elders to improve mental health outcomes of Indigenous people living in Canadian inner city</i>                      18-month operating grant for a health systems project which incorporates Indigenous Elders into primary care of HIV/AIDS, hepatitis C, mental health and addictions in the Downtown Eastside.</p>

Apr 2014-May 2015	<b>Co-Lead</b> - King A, Cadet-James Y, Pulver-Jackson L, McKeown D, Te Hurihanganui P, Judd J, King M. <i>Innovative collaboration of the International Network of Indigenous Health Promotion Professionals (an IUHPE network).</i> This community-driven research consisted of the analysis of an international workshop focused on knowledge translation in Indigenous health promotion, Pattaya, Thailand.
Sep 2013-Nov 2013	<b>nPI</b> - CIHR Travel Awards – Institute Community Support: Sep 2013, 3 months, \$2.5K. <i>Building our success: knowledge translation in Indigenous health promotion - an initiative of the International Network of Indigenous Health Promotion Professionals (INIHPP)</i>
2012-2014	<b>Co-PI</b> - King A, King M. Self-initiated qualitative research. <i>Exploring systemic and societal barriers for Indigenous peoples living with HIV/AIDS to engage with the care cascade.</i> The first phase of this project involved gathering and analysis of success stories of Indigenous peoples living with HIV, Vancouver, BC
Sep 2008-Jul 2013	<b>nPI</b> - Smith A, Senthilselvan A, Padwal R. <i>Diabetes: a case study in the Indigenous determinants of health</i> Self-initiated research involved secondary data analysis of large-scale Statistics Canada microdata using Stata and SPSS through the RDC services. The Aboriginal Peoples' Survey, a 2006 post-censal survey (stratified sampling) with approximately 30,000 First Nations, Inuit and Métis off-reserve respondents, was used to explore relationships between diabetes and Indigenous health determinants, Edmonton, AB
2006–2008	<b>nPI</b> - Smith A, Wieman C. Self-initiated research project. <i>Aboriginal health and cultural safety.</i> Creating and evaluating a non-credit elective. This included preparation of ethics review submission.
Summer 2006	<b>nPI</b> - Smith A, Mangetti D, Namibia, S. Pretorius, R. Lee. Self-initiated research project. <i>Exploring HIV/AIDS vulnerability of the !Kung people based on sexual attitudes and practices.</i> This included preparation of ethics review submission
